

Project Summary

CPS: Synergy: Deep Tomography with Many-Antenna MIMO Receivers

This is the summary.

1 Introduction

This is the intro.

2 Overview and Background

In this section, we present the overview of the many-antenna MIMO receiver.

3 Research Thrust I: Physical-layer Protocol

In this section, we present our proposed research in physical-layer protocol for the many-antenna MIMO receiver.

4 Research Thrust II: MAC-layer Protocol

In this section, we present our proposed research in MAC-layer protocol for the many-antenna MIMO receiver.

5 Research Thrust III: Evaluation

In this section, we present our proposed evaluation effort.

6 Broader Impact

7 Prior NSF Support
